Über 15 Jahre nach Erlass der geltenden Verbraucherkreditrichtlinie hat die Europäische Kommission im Oktober 2002 einen Vorschlag für eine reformierte Richtlinie zum europäischen Verbraucherkreditrecht vorgelegt. Die einschneidenden Veränderungen, die vorgesehen sind und in der Folge heftig diskutiert wurden, zwei weitere teils deutlich geänderte Vorschläge folgten. Die vorliegende Arbeit stellt die Entwürfe für eine neue Verbraucherkreditrichtlinie dar und würdigt eingehend die verschiedenen Regelungen, die erfolgt vor dem Hintergrund der noch geltenden Verbraucherkreditrichtlinie sowie der zur Umsetzung dienenden mitgliedstaatlichen Vorschriften. Primär wird dabei das deutsche und englische Recht herangezogen. In der Arbeit werden einerseits rechtliche und faktische Probleme aufgezeigt, andererseits wird diskutiert, ob bestimmte nationale Regelungen ins europäische Verbraucherkreditrecht einzug halten sollten. Eigene Vorschläge werden flankierend erörtert. Eingegangen wird ferner auf das Problem der Überschuldung und Fragen im Zusammenhang mit der finanziellen Allgemeinbildung.

Transnational Commercial Law is a textbook that deals predominantly with substantive legal contract rules that apply across borders and are designed to govern cross border business transactions. This is an emerging field of research, teaching and practical interest in international trade and commercial law requiring reference to multiple areas of law including both private and public international law, the law of specific commercial transactions and arbitration. For the first time, Transnational Commercial Law combines all these relevant issues in one book and provides a basis for further study as well as detailed cutting edge academic analyses. It provides a compact yet accessible guide to the most important

cornerstones of this evolving legal discipline transnational commercial law is aimed primarily for use on llm courses and master s programmes in commercial law students are presented with the actual contractual rules in the wider context of the general legal framework and situates it within the theoretical debate providing a truly international perspective on transnational commercial law in a globalised world

foundations of international commercial law provides a fresh analysis of both the contextual features of international commercial law and a range of different international commercial law instruments this text covers the various elements which comprise international commercial law the academic debates about the lex mercatoria and harmonisation as well as a discussion of selected conventions and other instruments international commercial law is concerned with commercial transactions which have an international dimension for example contracts between parties from multiple jurisdictions as an area of study it is characterised by the interaction of a wide range of national and international legal sources which all shape the overall context within which international commercial contracts are made and performed this book focuses on the international legal sources in particular it first explores all the different elements which together comprise the context of international commercial transactions before examining the process of making international commercial law specific instruments of international commercial law discussed in the book include the conventions on the international sale of goods agency financial leasing factoring receivables financing and secured interests in mobile equipment together with the unidroit principles of international commercial contracts and documentary credits there are separate chapters on private international law and international commercial arbitration and a final chapter exploring the existing and potential impact of the digital economy on international commercial law offering a detailed overview of the main themes and key aspects of international commercial law this book is for readers who are new to the subject whether undergraduate or postgraduate students legal scholars practitioners or policymakers

commercial law text cases and materials provides students with an extensive and valuable range of extracts from key cases and writings in this most dynamic field of law the authors expert commentary and questions enliven each topic while emphasizing the practical application of the law in its business context len sealy and richard hooley have been joined by four renowned experts in the field for the preparation of this edition the authors have captured the essence of this fascinating topic at a time of significant legislative regulatory and political change

the book provides an up to date description of the company law in the united kingdom as affected by the directives and other instruments of the european community
